LEARN, GROW, & THRIVE AT THE Y

Rainbow Station 5's Pre-K Program | NEW CANAAN YMCA

The Rainbow Station 5's program is specifically designed for children who would benefit from a year of pre-k support, growth, and preparation before entering kindergarten. This program reviews and refines the fundamental skills and play-based learning style taught throughout our Rainbow Station program, with a modified kindergarten curriculum led by a state-certified elementary education teacher.

Daily lessons include pre-reading, pre-writing, math, social studies, and science activities. Participants enjoy benefits of the facility including instructional swim lessons, Bouncing Bears time in the Kid Zone, and weekly music and movement classes, which provide a balance between academics and play. Morning and afternoon snacks provided.

- Participants must be age 5 by December 31, 2021
- Staff-to-child ratio of 1 teacher to 8 children (1:8)
- Weekly schedule: Monday - Friday from 7:30 am - 2:30 pm (after school care is available through Kid's Unlimited until 6:00pm)
- Program dates: Monday, August 30 - Wednesday, June 15, 2022 (follows New Canaan Public Schools academic calendar)
